

## CAPTAIN GLASMAN PLANNING A NEW ARMORY

Captain Roscoe Glasman, under authority of Adjutant General Fred Jorgenson of the Utah National Guard, will start tentative plans for a new armory for Ogden immediately and also the organization of battery B, according to announcements made last evening, following conferences between Capt. Glasman, special inspector for federal troops, Captain W. E. Lindquist of troop B, Lieutenant S. M. Scott and Captain Glasman.

The news that Captain Glasman had been chosen as head of the new battery was also announced. Captain Glasman was lieutenant in battery B and for many years had taken an active interest in military affairs. It is the belief that the new armory will be of capacity enough to house large audiences and provide a general assembly place.

## STOMACH TROUBLES ARE DUE TO ACIDITY

Tells Safe, Certain, Speedy Relief For Acid Indigestion.

So-called stomach troubles, such as indigestion, gas, sourness, stomachache and inability to retain food are in probably nine cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion.

Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach and to neutralize the acid, and make it bland and harmless, a teaspoonful of Nuxated Iron, a good and effective corrector of acid stomach, should be taken in a quarter of a glass of hot or cold water after eating or whenever gas, sourness or acidity is felt. This sweetens the stomach and neutralizes the acidity in a few moments and is a perfectly harmless and inexpensive remedy to use.

An antacid, such as bisulphate of magnesia which can be obtained from any drugist in either powder or tablet form enables the stomach to do its work properly without the aid of artificial digestants. Magnesia comes in several forms, so be certain to ask for and take only Nuxated Iron, which is especially prepared for the above purpose.—Advertisement.

## Deaths and Funerals

**JONES**—The funeral of Benjamin F. Jones of Willard will be held in the Willard chapel tomorrow afternoon at 2 o'clock. Mr. Jones had two sons in service, one of whom met his death in France. This and the recent death of his wife is thought to have brought about a collapse from which he never recovered.

He was born in Gylmorganshire, South Wales, January 1, 1858. Seven children, four sons and three daughters, survive the deceased.

## Tobacco Habit Dangerous

Says Doctor Connor, formerly of Johns Hopkins hospital, thousands of men suffering from fatal diseases are in perfect health to-day were it not for the deadly drug nicotine. Stop the habit now before it's too late. The simple process to rid yourself of the tobacco habit in any form. Just go to the Nuxated Iron drug store and get some Nuxated Iron. Take them as directed and for the pernicious habit quickly vanishes. Priguate refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nuxated Iron; you will be surprised at the result.—Adv.

## Fire Prevention Day to Be Observed

Fire prevention day will be observed in the United States tomorrow. Every citizen in the city has been asked to aid in the observance. Firemen in uniform will be stationed at various parts of the city explaining the fire alarm boxes and other phases of the department.

Chief Graves made the following statements in regard to Fire Prevention day: "Thursday, Oct. 9, the anniversary of the great fire in Chicago, has for a number of years been set apart and observed by nearly all the fire departments in the United States, as a general clean-up day. There was manifested among the fire chiefs present at the convention of the

## Every Woman Needs IRON at Times

If women would only take Nuxated Iron when they feel weak, run-down, tired out—when they are pale, nervous and have no energy—these hands who might build up their red corpuscles, become easy-checked, strong and healthy and be much more attractive in every way. When the iron goes from the blood of women, the healthy glow of youth leaves their skin and their charm and vivacity depart. A two week course of Nuxated Iron works wonders in many cases. Satisfaction guaranteed or money refunded. All good druggists.

## NUXATED IRON

—Advertisement.

International association in June of this year, at Kansas City, a growing interest in fire prevention, and the fire department of this city asks all property owners and tenants to help us in this work. See that all combustibles about your homes or business buildings are cleaned up, and see that they are kept clean. Everyone should understand the working of the fire department from the street boxes. There will be a uniformed fireman at box 12, at the corner of Twenty-fourth and Washington on October 9, to instruct all interested in the use of the fire alarm box, and to distribute cards giving the location of the boxes. The education of the people in fire prevention is a large order for a small fire department, and we ask that everybody take an interest in this work, and help us by at least cleaning up their own premises."

## Commissioner to Baltic Provinces Sails From N. Y.

NEW YORK, Oct. 5.—Appointed "commissioner" of the United States to the Baltic provinces of Estonia, Latvia and Lithuania, John Allen Gade, of New York, sailed from here today for Brest on the U. S. S. America.

The fact that Mr. Gade did not bear the title "minister on special mission" was interpreted as meaning that such action might imply recognition of the governments with which he is to be concerned.

The provinces are at present without any diplomatic or other official representation from America.

## COMMITTEE COMING TO OGDEN TO MEET JOHNSON

SALT LAKE, Oct. 8.—Special music is being arranged for the meeting at the tabernacle Saturday night, when United States Senator Hiram W. Johnson of California will explain his opposition to certain provisions of the league of nations. Arrangements were completed yesterday for Senator Johnson's speech in Ogden Saturday afternoon. He will talk at the Alhambra theatre at 2:30 o'clock.

Henry Welsh, Republican state chairman, appointed the Ogden executive committee yesterday, and it has been given full power to appoint its reception committee. The Alhambra theatre was chosen because it is the largest theatre in Ogden, although the tabernacle was considered.

Senator Johnson will arrive in Salt Lake at 5 o'clock. After a ride about the city the reception committee will entertain him at dinner, which will be followed by the tabernacle meeting. The Salt Lake reception committee will go to Ogden Saturday afternoon and accompany Senator Johnson into Salt Lake.

The Ogden executive committee, which will co-operate with the Salt Lake committee appointed recently, consists of Arthur Woolley, J. U. Eldredge, Judge N. J. Harris and F. J. Hendershot.

## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. No gripping results from these pleasant little tablets. They cause the liver and bowels to act normally. They never force them to unnatural action. Dr. Edwards' Olive Tablets are a soothing, healing, vegetable compound mixed with olive oil.

If you have a bad taste, bad breath, feel dull, tired, are constipated or bilious, you'll find quick and sure results from Dr. Edwards' little Olive Tablets at bedtime. 10c and 25c a box.

## Use of Wireless To Be Extended In Germany

BERLIN, Sept. 11.—(Correspondence of the Associated Press.)—The use of the wireless is to be widely extended in Germany, especially for the press. If the plans of the ministry of posts and telegraph mature, it is proposed to establish a collection central in Berlin and wireless plants in various wireless districts into which the empire will be apportioned. For this year the construction of 35 wireless stations and 50 receiving stations situated in important trade centers, is planned.

Germany needs such an arrangement for its telegraph service is severely criticized, and in addition to greatly increased prices, it is now necessary to telegraph the simplest, shortest message urgent—at three times the ordinary price. The wireless will be expensive, but it will be worth it to newspapers and business houses to be sure of speed.

The German papers that comment on the innovation are hopeful but call attention to the unreliability of the wireless and raise the objection that anyone may pick up a message, so that a paper having an apparatus might easily steal the news on another paper.

This is partially controlled by the fact that the wireless for the present is subject to the imperial ministry of posts and telegraphs, and no one may have a wireless without official permission. A private plant that misuses its apparatus will be suspended immediately if its owner is caught. The press message thefts could be prevented, it is suggested, by the proper publicity regarding the offender. Circular dispatches will be a feature of the plan, whereby the same bit of news can be sent to any number of stations at once.

A good many moving spectacles are due to heartless landlords.

## OGDEN BAKING CO. HAS GROWN RAPIDLY IN TRADE

To provide additional space for their expanding business, an addition is being built to the bakery of the Ogden Baking company, formerly the Hess Bakery on Grant avenue. The south wall of the building is being removed to provide shipping space for the plant.

The Ogden Baking company is now shipping bread and cakes into four states, the trade having increased 400 per cent during the past six months, according to L. C. Mitchell, manager of the company.

A new cake room, completely equipped with the latest and most modern baking appliances, is also being installed.

## Riparian Land Tax Being Considered

Assessment of land held under riparian rights was discussed by the state board of equalization and the commissioners from Weber, Davis, Box Elder, Salt Lake and Utah counties at a meeting yesterday called by the state board.

These lands are claimed by the owners of patented lands which abut the lakes, but are never clearly the property of anyone, since the federal government can, if occasion demands, have the lands surveyed and sell them to the highest bidder.

Such a proceeding, however, is highly improbable, according to William Bailey, member of the state board, and the persons who are in possession of the property, he holds, should be compelled to pay taxes.

All the county commissioners present felt that this assessment would involve much difficulty, and some of them stated that it was practically impossible. The matter was not definitely decided, but within a week Mr. Bailey will send a letter of instruction to the county assessors directing them how to go about this work.

## Receipts of the Ogden Waterworks

Receipts of \$7,062.75 were recorded during the month of September by the water department while \$5,423.66 were expended. The report for the month was made public today by A. T. Corey, assistant superintendent to the city commissioners.

Receipts.  
Metered water rentals ..... \$ 2,109.07  
Metered water rentals ..... 4,796.72  
Taps and connections ..... 119.50  
Miscellaneous receipts ..... 33.38  
Interest on daily bank balance ..... 13.07

Receipts for September ..... 7,062.71  
Cash on hand September 1 ..... 3,364.59  
Total ..... 10,927.23

Disbursements.  
Maintenance ..... 1,201.02  
Water main extensions ..... 1,304.06  
Bond interest paid ..... 1,687.50  
Exchange ..... 1.68  
Commissioner and office salaries ..... 625.09  
Foreman and inspector salaries ..... 625.00  
Ogden Bench Canal stock purchased ..... 40.00  
Stationery and printing ..... 14.40

Transferred to General Fund ..... 5,423.66  
Cash on hand October 1 ..... 2,503.67  
Total ..... \$10,927.33

Respectfully submitted,  
A. T. COREY,  
Assistant Superintendent.

## Paving of North Washington Avenue Is to Proceed

In accordance with an agreement reached yesterday by the city, county and state officials, paving of North Washington avenue, between the Ogden river bridge and the north city limits, will be completed next year.

The cost of the paving will be paid jointly by the county and city and by property owners on the east side of the street and the state commission.

Governor Bamberger was an earnest advocate of completing the work during the summer of 1920 rather than delay it another year, as was previously proposed. Those at the meeting from this city were Mayor Browning, Commissioners Flygare and Jones, City Attorney Reeder, City Recorder Critchlow, Commissioners Brown, Engstrom and Childs. Members of the state road commission and Governor Bamberger were also present.

## DON'T BE A "MISERY-FACTORY"

Stop Headaches, Bilious Spells, Colds and Constipation with "Cascarets"—Ideal Physic!

You men and women who can't get feeling right—who have, headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach and colds.

Are you keeping your liver and bowels clean with Cascarets, or merely shocking your insides every few days with Calomel, Salts, Oil or violent Pills?

## PERISCOPIN THE WORLD with Our Office Boy.

THE COURTS MARTIAL.  
A gallant boy,  
Just eighteen,  
Called to fight  
The Hun machine.  
In muddy trenches  
Full of slime,  
He's stationed on  
The picket line.  
All day and night  
He stands his guard  
To keep awake  
His mighty hard.  
Toward evening on  
The second day,  
His eyelids drop,  
His senses sway.  
For thirty hours  
He's fought sleep's ghost,  
But now he's drowsing  
At his post.  
A corporal's guard  
At last appears,  
He's in disgrace  
Despite his years.  
He's now a prisoner  
Of the U. S. A.  
Doomed to death  
In another day.  
An army court,  
Heartless and stern,  
Paid him well  
For doing his "turn."

The above is the case of F. D. Sebastian of Eldorado, Ill. He was later pardoned by the president, and died a hero's death on the battlefield. His mother died from the shock of his disgrace. It is one of the cases being brought to the attention of congress in the expose of the army court's inhuman methods in France.

Chest measures are often deceiving unless you are a good judge of hot air.

It's still easier to start a war in Europe and Mexico than a fire under a pot of potatoes.

A lot of German generals have proved great fighters—at the ink well, and masters of strategy—at offering excuses.

Mr. Dullitt was loaded with "duds" when he attacked with Col. House's statements.

If a man doesn't tell his wife his faults, she'll eulogize on them the rest of her life.

YOU CAN'T DENY IT.  
Dobbs: "If you call it a gross

This thing of buying an article for a dollar down and a sheriff a week isn't what it's cracked up to be.

The Danville, Ill. Press says Mr. Buckley's new home is an attractive five-room structure with a cellar in the north part of town.

WHICH REMINDS US THAT—  
Economical but unhandy, we'd say. If we built air castles we'd have no place for a cellar.

BOSTON, Oct. 7.—The National Equal Rights league which is under negro leadership, with headquarters here, telegraphed the chairmen of the judiciary committees of congress today saying that the triple lynching at Lincoln, Ga., "makes two triple and one double lynching in eight days."

The telegram urges that "this constant mob murdering imposes a duty on the committee of formulating legislation giving the federal government original jurisdiction over lynchings."

swindle when wines are watered, what would you call putting sand in sugar? Bobbs: "A grocer swindle."

Never stop to worry until your day's work is done—and then you won't.

They didn't become landlords because they were pigs. They changed their natures after they became landlords.

The best way to stop auto thefts is to stop buying stolen cars. Ten gallons of gas won't last a lifetime.

Wonder how Russian "Red" tactics would work on the White Sox instead of the Cincinnati Reds' tactics?

Comes the startling news that Broadway is short 500 chorus girls.

Maybe that explains some of the choruses we see.

And perhaps the "white lights" aren't so bright since they put out the alcohol lamps.

WHAT HAS BECOME OF—  
The fellow with a white apron who said at least a hundred times a day: "I don't drink but I'll sure have a smoke on you." And promptly dropped the nickel in the cash register.

A married man doesn't live any longer than a single man—it only seems that way.

It's strange, but every time we play cards for money the others in the game have the same object.

A contemporary says that 45 per cent of the railroads of the country are owned by women and that accounts for the fact that 45 per cent of them are never on time.

Let the senators make reservations in the league of nations, what we want are accommodations.

WHY NOT?  
The Wheeling, W. Va., Register says that Attorney Miss Jeanette Mills created a furore in the court room this morning when she walked in dressed in a fashionable hat and high-heeled shoes.

In Springfield, Ill., recently burglars robbed the police station, and again carted away 6000 brick from M. Spence's back yard.

Some Irish policeman's going to get a shower of confetti.

## INDUSTRIAL CONFERENCE ADJOURNS

WASHINGTON, Oct. 8.—None of the groups being ready to present any business for consideration, the industrial conference adjourned this morning until tomorrow after being in session less than an hour. Secretary Lane, chairman of the conference, called on the delegates to get acquainted instead of remaining rigidly separated in groups, and adjournment was followed by a mingling of labor leaders, capitalists, farmers and publicists.

The industrial conference adopted unanimously today a recommendation of the committee of fifteen that alternates would be accepted when appointed by the original power appointing the delegate. Under this ruling delegates who have important business engagements in the next two or three days would be able to keep them. Many, however, are cancelling engagements.

The committee of fifteen, which is the steering committee of the conference, announced the election of Thomas L. Chubb of New York as chairman and Frank Morrison of Washington, and John L. Raskob of Wilmington, Del., as secretary.

Group chairmen were announced as follows: Harry A. Wheeler of Chicago, employers; Bernard M. Baruch of New York, public; and Samuel Gompers of Washington, organized labor.

While the conference is in adjournment, the special delegates will hold group meetings.

Gavin McNab of San Francisco again protested against adjournment. "I am in favor of direct action," he said, with a laugh, "and I am opposed to adjournment again, but if adjournment is necessary to get action under these rules, then I will second the motion."

"He ought to join the I. W. W.," retorted Samuel Gompers, president of the American Federation of Labor, bristling at the mentioning of "direct action," which in radical parlance means violence.

C. S. Barrett of Union City, Ga., representing the farmers' co-operative union, passed around the "preamble" to a resolution he proposed to offer. The preamble would request President Wilson to appoint a commission to formulate a national agricultural policy.

If a pupil is backward it is up to the teacher to bring him forward.

WASHINGTON, Oct. 8.—State department advices today said 200 persons were reported executed by the Bolsheviks as a result of the action of the Bolshevik extraordinary commission investigating the surrender of the town of Grasmia-Gorka by Bolshevik troops.

WASHINGTON, Oct. 7.—Cambridge university will confer honorary degrees on a number of prominent men. These include King Victor Emmanuel of Italy, Rear Admiral William S. Sims, U. S. N., Admiral John R. Jellicoe, and Field Marshal Allenby.

## CZECHO-SLOVAK SOLDIERS REACH PRAGUE AT LAST

PRAGUE, Sept. 11.—(By Mail.)—The Czechoslovak contingent of 1,024 sick and wounded soldiers who recently passed through the United States on their roundabout way home from the Siberian front, have arrived safely in Prague.

Prague declared a holiday upon the arrival of the veterans. The station and all streets leading to it were packed with thousands of people when the convoy trains drew in. As the Czech veterans descended they were swept off their feet by the rush of relatives and friends, cheering, shouting, crying and laughing. For more than five years the relatives of these men had been without means of communication with them.

Tragedy mingled with joy. Groups of mothers, wives and sisters could be seen surrounding their long lost men, while beside them would be other women searching for the faces of the returning veterans for the sight of a loved one, that in many cases will not return.

"The American Red Cross workers" who accompanied the Czechs on their 15,000-mile journey left the train two hours after all the men had gone," said Dr. James H. Ingram, of Trenton, N. J., one of the Red Cross party. "We supposed the ovation was over. But no sooner were we outside the station than we were surrounded by hundreds of people. They cheered for America and decked our auto in flowers. Every soldier saluted us as we passed. This continued for block after block."

"After we reached our hotel, government authorities came individually to thank us for what America had done in the repatriation of the Czech soldiers, pledging the country's undying friendship for the United States and its people."

CAMBRIDGE CONFERS DEGREES.  
LONDON, Oct. 7.—Cambridge university will confer honorary degrees on a number of prominent men. These include King Victor Emmanuel of Italy, Rear Admiral William S. Sims, U. S. N., Admiral John R. Jellicoe, and Field Marshal Allenby.
